**Changes to Functionality and Configuration**

**Applications**
Some fixes were installed to prevent an application from reverting to default details when a student changes their application preferences.

**Student Timetable**
The My Timetable page was modified to improve the loading time when a student views their timetable or registers into activities which have a lot of classes.

**System Freezes**
A fix has been installed to prevent the problem of ISIS freezing up.

**Scholarships**
A fix was installed to ensure that staff will be able to retrieve a large number of candidates on the Reward Candidates screen without being timed out.

**Did You Know About?**

**ISIS Training Schedule**
The training schedule has now been extended until the end of June 2011.
Check out the schedule on the ISIS home page.

**Enrolment Resources**
The Student Management Services intranet has many useful resources including presentations,
enrolment procedures and troubleshooting help. Go to:
